

Ø 6mm - Copper round conductor for lightning rod installation

Reference: COND-RC6

Standardized lightning protection system conductor wire.

Round conductor, copper, section Ø6mm. Material conductors and standard sections.

Easy installation, Suitable for all types of lightning protection system.

Technical specifications

Dimensions	Round cable Ø 6mm
Matière	Copper
Applications type	Lightning protection, lightning conductor Grounding, meshed cage
Produits adaptables	STAR®, STAR® Evolution, Range PTE-, COL-IN, RAPC02, MAN-R01, CLIP-RON, ED-JC01, ED-CMPT. Range of fasteners: MAT-IE-, RAC-, CRA-, ET-, AGR-, PLOT-
Conditionnement standard	100 meters or 130 meters crowns
Poids unitaire	0,250 kg/ml
Matériel répondant aux normes	EN NF 62305, NFC 17102, NF EN 62561-2
Référence	COND-RC6
